al of SB collect -Kerala State School Athletic Games

Kerala's achievements in social development and quality of life are, no doubt, inspiring and encouraging. The state has achieved a human development index comparable to the developed countries of the World. Prof. Amartya Sen has attributed these achievements largely to the priority which the state has accorded to high literacy among all Indian states and education for a long time. The society attaches so much importance to education that the school in Kerala is really the nucleus of the social microcosm. Better education kindles the aspirations of the people and the main concern is on how to improve the quality of education.

www.education.kerala.gov.in is the official website of the General Education Department of Government of Kerala. The department administers school education from pre-primary level to the secondary level and also teacher training.
